What do you like about this instructor's teaching methods?

He is understandable
The pace of the course, really assisted me in learning, while working full time, taking care of my family, and taking three other courses.
I like how the course is designed and the pace at which the material is covered. I took the course online and was able to complete the assignments ahead of schedule and the only problem that I encountered was getting locked out of blackboard during an online test. I would encourage anyone to take his online class because he is a very encouraging instructor.
He allowed us to move at our own pace
This was an online course, Dr. Bryan was very clear about his expectations that students study and complete all assignments on time
.
I like the fact that I could feel free to work at my own pace. I am taking multiple classes this semester and the amount of time he allowed for work to be done was extremely helpful.
Mr. Bryan is very helpful in you understanding the course.

I like that this instructor gives you adequate time to complete assignments and is always there to respond to any questions that one may have.

I didn't answer questions 15 and 16 because it was an on line course. The instructor had his self together on this course
