To the point and tailored to the syllabus.

Dr. B was very "hands-off" and let us work at our own pace, something much needed in an online class.

I greatly appreciated the opportunity to work at my own pace.

He gave us ample time to learn the software.

over the course there were a few questions i had and was able to figure it out pretty quickly. the instructor was able to help me with everything i had trouble with. even though i am not good with computers he was able to get me in the correct direction. the computer lab was also helpful with my lack of computer skills which is the main thing of loading and saving in the correct places. i do recommend for those who are like and suck with computer skills to take a computer class first!

I love the self paced course

Very interesting course, thoroughly learned the software. This will help me in my ventures to become an accountant. Thank you.

Sorry so late. I checked about a month ago and the survey was not up so I thought it was superceded by the official TCC surveys

Dr. B always quickly answered my emails, that's something I value highly and appreciate, especially in an online class.
