I like how he keeps up with the class and already knows the changes that happen within the book and accommodates his class work to help the students.

I enjoyed the self pace of this course. I knew when things were due and it was up to me and my schedule to fit it in.

I really liked that my professor opened assignments early so students could work ahead if they wanted to.

I really enjoyed this class. I found that the instructor was always available to assist us when we had questions that would impede our progress in the class. I would not change anything with respect to the instructors teaching methods. I have taken quite a number of courses at various colleges and I found this class to be very good and as a result, I feel that I am much more knowledgeable about the subject matter directly because of it.

The schedule and technique.

The teacher is awesome, this course is easy to follow, and easy for working adults to complete. i have a very busy schedule and this class allowed me to work long hours and be able to do homework and study when time allowed. i would recommend this professor to other students.
