I absolutely loved this course. Dr. Bryan is awesome! Dr. Bryan relates to his students very well.

I enjoyed reading all the material provided and the discussion boards and how many articles were relative to a certain subject. The field experience was awesome!!

I loved being able to observe and help out in classroom I was assigned to. Pretty much overall I liked how this course was taught. I liked the fact we had to think about our assignments instead of just doing them. I also liked the communication on Dr. B's part and the rest of the students part. It was a great interactive course. I also liked that Dr. B was quick in resolving any issues or in helping out his students. Overall I think Dr. B's method of teaching is very effective. I have learned a lot from this course. Thank you.

I like that you speak from your own experiences to

teach the relevance of the textbook material. You go above and beyond to ensure that all bases are covered and I appreciate that tremendously.

Professor Bryan understands that those taking online courses are not always available to do assignments on a tightly structured, weekly basis. By staggering the due dates and grouping chapters, students are able to practice better time management in relation to their everyday lives.

Absolutely nothing. Dr. Bryan is amazing!

I have no complaints.

Nothing comes to mind....

I liked to be able to read and reply to the many articles we were assigned. However, sometimes I would have liked there to be a little less of the articles. :)

I didn't dislike anything.

Question 21: Essay

What changes, if any, would you like this instructor to make in this course?

Absoluetely nothing, I think that this class is a model course for online instruction.

None

Some of the assignments were rather lengthy and a few of the articles mirrored one another. In order to give students a chance to answer in the areas they are most passionate about while still giving them the opportunity to learn about all aspects of the class, I would add a few more articles to read per chapter, but then give the choice of writing on 2 or 3 articles instead of all 5 or 6. Basically, give more reading but don't make everyone answer every question because some students (like me) tend to go overboard in their answer and it takes forever to get some assignments done.

none.

Overall, I enjoyed this course very much and would recommend Dr. B to other students. The only slight thing I would like to see change would be a little less articles on some of the assignments.

Probably one of the most eye opening classes I've taken, and I mean that in a good way. I've taken more away from this experience than all of my other college classes combined.
