Professor Bryan has given advise on who to contact in your field of study to best benefit you, especially if the current course such as Keyboarding 1 is going to be a major factor, weather it is a degree program or a certificate, also questions are encouraged. Your problem areas and how best to address them. Each week a report has to be e-mailed because he wants to know how you are progressing.

Dr. Bryan is an enthusiastic instructor and seems to be passionate about students learning. He observes without hovering and will follow up with an answer to a question if he doesn't have the answer. I would choose him as an instructor again.

Dr. Bryan is an outstanding teacher because he is very respectful and kindhearted. He loves to teach and get involved with every student. He encourages everyone he interacts with and creates great lesson plans.

I am an older returning student. I have thoroughly enjoyed Dr. Bryan's class. I enjoyed his attentiveness to the student's learning needs. He responds to emails almost instantly!! I have needed a lot of assistance and he has been there for me.

I like that he is very concerned about us getting the techniques down pack other that how fast we can type. Hes very patient with us and hes such a motivator I really like that about him. Hes always upbeat and positive and if you dont understand something or your computer is acting up he will take his time with a smile and help fix the problem.

He did a very excellent job. I like how he cares about us and our conerns. He is a really jolly guy and friendly as well. Very very helpful.

I like that there was a different way of teaching than I have ever experienced and I putted up faster than I would have with another instructor.

## Question 20: Essay

What do you dislike, if anything, about this instructor's teaching methods?

none

There is nothing to dislike about my teacher. The only concern i am wondering about was his reply on the emails. He is very good on emailing us information but i have asked a couple times about the exam or information and sometimes he does

not respond quit immediatly. I wish to give us another contact information instead only email and his schools number.

No dislikes

I can't say that there is anything that I dislike about his teaching methods. My problem was adapting to doing assignments on line.

I do not dislike anything.

I have no complaints.

None.

### **Question 21: Essay**

What changes, if any, would you like this instructor to make in this course?

none

No changes to course content.

I like to have some instruction from a textbook if only as a guide to practice at home, even if you are taking a on line course.

There is nothing to change about the teacher.

I would not make any changes.

There should be more typing lesson variety. Typing the repetitive lessons for an hour per week

has been grueling. As an experienced typist, I can finish a lesson in seconds, which doesn't put a dent in my typing time. Trying to slow down to stretch out the typing time only causes me to make more errors. The lesson should include typing actual letters, memos and other documents (maybe this is done in Keyboarding II/III) or the ability to import other documents to type. I'm personally typing paper or assignment for school every week in my other classes, but this doesn't help my typing time.

None. I think his teaching style and the way he does things makes doing the work a breeze.

As stated, I enjoyed Dr. Bryan's class very much. I like his style of teaching. On the college level, he is the best!! He is very respectful to us seniors. I hope he is available to teach us the next semester.

This class is best suited for someone with little or no typing experience and should not be a prerequisite for other classes.

Please keep him teaching.

I was so lucky to have him as my professor, I would recommend him to others!

Professor Bryan is one of the few good instructors today. One that is concerned about his students and their progress.
