He was very prompt and his teaching was on point. Not a class that went by that I didn't leave out with a new method that I have learned.

I enjoy that with this course we only have to attend class a few times out of the whole semester. I feel that you do not have to be required to attend class every day for you to learn something.

he was very open and honest and made sure you knew what to expect during the course, he made learning easy and exciting, and he made sure whatever questions you had he made sure to answer and made you feel at ease.

I like the fact that there are no textbooks required for this class. I think that this method needs to continue on to Keyboarding three. I also believe that there needs to be a hybrid class and a textbook class. Some students needs to work with others and are not able to work alone.

That he lets you work on your own time as long as you get your work done

he was excellent

There's nothing that I really dislike about the instructor's teaching methods. I would like to do something other than typing on the same program if possible.

No dislike

I don't dislike anything I just believe that there needs to be a separate class for textbooks.

Question 21: Essay

Everything I liked about the professor

The only thing that I would change would be to have more handouts. Something other than the program to look at.

The only change would be for the instructor to have some other typing options. It gets repetitive after a while.

nothing

i don't think any changes need to be made, i love the fact that this course is textbook free, and i love the teaching styles and working off of typing.com it was so helpful and really helped with technique and speed; it really set you up for success.

I enjoyed this type of course. Overall this has been a very easy course that I enjoyed. I disliked doing lessons over because they get repetitive after a while. But, practice makes perfect so you get faster as you keep doing the lessons over. Maybe adding in a document to type once in a while. All in all, I enjoy this type of course. Hopefully this becomes an official type of keyboarding class.

This course was great. It helped me with typing better plus I didn't have to buy a book!

Dr. Michael Bryan is an excellent professor, TCC should be very proud
